

# METROFLOW

THE NY, NJ FLOW CYTOMETRY USER GROUP

Fall Meeting  
Nov 1, 2012

## Multicolor Flow Cytometry

Carol Oxford, University of California, Davis

*Building a better panel – theory and practice of panel design*

*Good, better, best – theory of instrument optimization*

Tim Bushnell, University of Rochester Medical Center

*Spreading the wealth – understanding compensation*

*Histograms, Dot Plots and Statistics. Oh My!*

Pratip Chattopadhyay, Vaccine Research Center, NIH

*The Next Steps in Polychromatic Flow Cytometry: New Tools for Panel Building and Data Analysis*

Stephen DeRosa, University of Washington and Fred Hutchinson Cancer Center

*Validation of Functional Flow Cytometric Assays*

Brent Wood, University of Washington and Seattle Cancer Care Alliance

*High-level Multicolor Flow Cytometry in the Clinical Laboratory*

Register at **[www.metroflow.org](http://www.metroflow.org)**

Registration is \$85

Early registration deadline is Oct 26

(late registration \$10 extra)

CMLE Credits will be given

Hosted at NYU Langone Medical Center

Farkas Auditorium

550 First Avenue, Manhattan, NY 10016

Directions, parking and transit info at [www.metroflow.org](http://www.metroflow.org)
